This is an exclusive collaboration between Arctic Sounds and Taavani ApS.

The City

SISIMIUT

Sisimiut is the 2nd largest city in Greenland and a contrast of modern culture and ancient traditions. The city has a spectacular backcountry with the promise of unrivaled views and freedom to roam through the UNESCO World Heritage listed Aasivissuit – Nipisat area.

Sisimiut offers an authentic Arctic experience with dog sledding excursions. Tourists can mush through the pristine snow-covered landscapes, guided by skilled mushers and a team of eager sled dogs. It's a thrilling way to explore the Arctic wilderness.

Sisimiut's combination of natural beauty, cultural richness, and adventure opportunities makes it a compelling destination for seeking an unforgettable Arctic experience.
